Lancaster continues postponed Ground Spraying

Lancaster, TX - The City of Lancaster will conduct the second round of Ground Spraying Tuesday, August 28, 2012 at approximately 10:00 p.m.

The City coordinated with Dallas County Health and Human Services to conduct ground spraying on Friday and Saturday, August 24th and 25th, due to weather conditions Saturday, August 25th the second round of Ground Spraying was not conducted.

Although the pesticide is approved by the Environmental Protection Agency, residents are advised to take the following precautions: Minimize exposure, remain indoors during the hours while spraying is in progress, keep windows closed. If skin or clothes are exposed, wash them with soap and water. Rinse homegrown fruits and vegetables as a precaution. Cover small ornamental fish ponds and keep pets inside, if possible. The chemical breaks down quickly in sunlight and water, so no special precautions are suggested for outdoor swimming pools.

The City of Lancaster invites you to “like” the City on HUFacebookUH, follow us on HUTwitterUH, or register for weekly e-mail alerts regarding upcoming events on our website at HUwww.lancaster-tx.comUH and clicking on “Want Info Click Here.
