Mayor Knight stated he would be available to visit with him after the meeting if desired.

Patricia Allen, 650 Elderwood, Mesquite, Texas, commented that she works with a group promoting no more violence and that she and the staff support Ms. Chaz Rodgers; asked Council to provide information regarding the Police Department's investigation.

Chaz Rodgers, 120 Palm Drive, stated that she had received the DVD from the Police Department and that information had not been provided to Dallas County; said that she sent a certified letter asking Council to address her concerns about the July 23, 2011 death of her son; said that she demands answers and will not go away until she gets answers.

**Consent Agenda:**

City Secretary Downe read the consent agenda.

**C1. Consider approval of minutes from the:**

- (a) City Council Regular Meeting held January 14, 2013; and**
- (b) City Council Regular Meeting held January 28, 2013.**

**C2. Consider a resolution approving the terms and conditions of a Memorandum of Understanding for bioterrorism or health emergency assistance by and between the City of Lancaster and the County of Dallas, Texas, to provide resources during a bioterrorism or health emergency.**

**C3. Consider a resolution approving the terms and conditions of the City owned T-Hangar non-commercial lease from building 690 at the Lancaster Regional Airport.**

**MOTION:** Mayor Pro Tem Mejia made a motion, seconded by Councilmember Jaglowski, to approve consent items C1 – C3. The vote was cast 7 for, 0 against.

**4. A. Discuss and consider a resolution waiving the requirement for connection to the City of Lancaster water and wastewater system for the Ridge Logistics Center, subject to the approval of the final plat.**

**B. Discuss and consider a resolution authorizing the Mayor to enter into a License Agreement by and between the City of Lancaster and Ridge Property Trust for the ongoing maintenance in the medians within Balmorhea and Telephone Road (City of Lancaster rights-of-ways) and State Highway 342/Dallas Avenue (a Texas Department of Transportation right-of-way).**

Development Services Managing Director Stringfellow Govan outlined the request for a waiver required by the Subdivision Ordinance for the property owner to connect to the City water and wastewater system, noting that the majority of the site is within the city of Dallas with only 500 feet of the development within the City of Lancaster. The property address is 3600 N. Dallas Avenue. Director Stringfellow Govan stated that the developer has indicated the first building to be constructed will be wholly within the city of Dallas' portion of the development and will access from Dallas Avenue in Lancaster. Director Stringfellow Govan outlined the proposed landscaping. Director Stringfellow Govan stated that potential loss of revenue from impact fees was estimated at half a million dollars.

Mayor Pro Tem Mejia asked to confirm estimated revenue from impact fees and monthly water utility bill amount. Director Stringfellow Govan indicated estimated impact fees are about \$511,000 and roughly \$800-\$900 per month for water/wastewater.

Kent Newsom, Ridge Property Trust, gave a presentation highlighting the proposed development, noting that the buildings would be occupied by local distributors and large corporations that are not heavy truck users, stating that this is not a truck terminal. Mr. Newsom reviewed site plans illustrating a small portion of three proposed buildings in the Lancaster city limits and highlighting proposed landscaping and beautification along Dallas Avenue and Balmorhea Drive.

Barry Knight, attorney for Ridge Property Trust, outlined the proposal for landscaping with landscaping and irrigation on Dallas Avenue, Balmorhea Drive, Altamoore Drive and Telephone Road. Mr. Knight stated that it is hard to equate the water taps when only a small portion of a building is in Lancaster commenting that most of the water/sewer uses, such as for restrooms, would likely be located within the portion of the building in the city limits of Dallas. Mr. Knight stated that there is benefit in the City getting the landscaping up front.

Mr. Newsom presented renderings of the proposed development and details of the proposed landscaping.

Mayor Pro Tem Mejia asked why use Dallas utilities. Mr. Newsom indicated that the vast majority of the buildings and main office will be in Dallas and they prefer not to receive utility billings from two cities.

Councilmember Weaver asked about impact fees in Dallas. Mr. Newsom indicated there are none and stated that it is not a matter of saving the impact fees, but more a matter of practicality in developing the property.

City Manager Mauldin Robertson indicated that the impact fees are based on the whole building and Lancaster would only have the first 500 feet, making two utility meters at each building. Also City Manager Mauldin Robertson noted that if there was no water through that meter, i.e. no restrooms, sinks, etc. in the Lancaster portion of the building, then the City would not receive revenue anyway.

Mayor Pro Tem Mejia asked about the potential impact fees. City Manager Mauldin Robertson indicated she would not venture a guess because it depends on the size of the building. Director Stringfellow Govan indicated the estimate was based on not having a building in Lancaster and the calculation was made based on what we would be losing by having a whole building in Lancaster.

Mayor Pro Tem Mejia asked about the address. Director Stringfellow Govan indicated they will use a Lancaster address.

Michael Clark, Winkelmann & Associates, stated that if there is no building in Lancaster there is no water meter; however, if the developer builds a portion of a building in Lancaster they will pull a permit and incur roadway impact fees, which he estimates are the bulk of the estimated half million dollars in impact fees being discussed.

Mayor Knight noted that a couple of years ago there was an opportunity to work out a plan where there would be a complete building in Lancaster but at that time, that was not the preference of the majority of Council. Mayor Knight stated that the request is to waive the requirement for connection to Lancaster's water system in exchange for landscaping and beautification. Mayor Knight indicated that caution was needed because the reality is that there is not going to be a whole building in Lancaster and therefore, there is not a potential to collect the total impact fees.

Mayor Pro Tem Mejia stated that he has lots of questions and would like to know the exact numbers related to impact fees.

**MOTION:** Mayor Pro Tem Mejia made a motion to table the waiver request until staff can provide more information regarding the impact fees.

City Manager Mauldin Robertson indicated that this is the best estimate that can be provided because only a portion of the building would be in the City and we do not know how much of the building would be in the City at this time. City Manager Mauldin Robertson stated that the City will receive roadway impact fees when they build.

Councilmember Harris asked about the projected roadway fees. Mayor Knight asked if that could be answered without knowing the size of the partial building in Lancaster, stating fees would be in correlation to the size.

Councilmember Morris commented that the City loses if they do not build a portion or any of the building in the city limits, stating that there was ample time to ask the City Manager questions in advance.

Councilmember Jaglowski clarified that the landscaping contains drought resistant trees and would be put in place before the building is built. Councilmember Jaglowski clarified points regarding irrigation and roadway improvements to Telephone Road.

Councilmember Harris stated that she is a champion of quality development and can see that a great deal of time was put into the plans and landscaping. Councilmember Harris commented that from a practical sense, her questions are what is the projected loss if we grant the wavier, and what is the projected gain. Councilmember Harris indicated that a great deal of questions should be presented at the Council meeting, and further stated that it appears there may be a loss if the wavier is granted.

City Manager Mauldin Robertson stated that the City would still receive approximately \$165,000 in roadway impact fees.

Mayor Pro Tem Mejia stated that he has spent the last three years trying to make the proper decision in each case and the question is whether we are trading revenue for landscaping. Mayor Pro Tem Mejia indicated that it is a business decision and that is why he is clarifying the information and asking questions.

Mayor Knight stated that the revenues the City will capture ultimately depend on the size of the building within our corporate limits and the opportunity for landscaping and beautification is one that the applicant is willing to extend.

Deputy Mayor Pro Tem Daniels seconded the motion. Mayor Knight clarified that Mayor Pro Tem Mejia desired to table until the next City Council meeting of February 25. Mayor Pro Tem Mejia stated that he is clear regarding the landscaping but still has questions regarding the revenue.

City Manager Mauldin Robertson asked for clarification indicating that the numbers provided are the best estimates available and not likely to change.

Mayor Knight stated that a portion of the development is in the City's corporate limits and as such, the City's subdivision ordinance makes certain requirements for connection to the City's water and wastewater system and that the developer is requesting a waiver for this requirement in exchange for extensive landscaping.

Councilmember Weaver asked if the developer would have to do the landscaping anyway. It was clarified that the developer would be required to do the landscaping, but not in advance, as is being proposed at this time.

Mayor Knight stated that the notion that no fees will be collected is not the case.

Mayor Pro Tem Mejia requested that all impact fees associated with the project be defined.

Mr. Barry Knight indicated that they are surprised about the discussion regarding the impact fees and their request is to waive the required water and sewer connection.

Councilmember Jaglowski clarified the footprint of the buildings and commented that the buildings could be smaller when actually built.

The vote was cast 3 for [Mejia, Daniels, Harris], 4 against [Weaver, Jaglowski, Knight, Morris]. Motion to table the request for wavier fails.

**MOTION:** Councilmember Morris made a motion, seconded by Councilmember Jaglowski, to approve a resolution waiving the requirement for connection to the City of Lancaster water and wastewater system for the Ridge Logistics Center. The vote was cast 3 for [Jaglowski, Knight, Morris], 4 against [Weaver, Mejia, Daniels. Harris]. Motion fails.

Mayor Knight stated that no action was necessary on item 4B.

## Agenda Communication

February 25, 2013

Item 2

---

**Consider a resolution ordering a General Election to be held on Saturday, May 11, 2013, for the election of one councilmember for District 1, one councilmember for District 3, and one councilmember for District 5 for a three year term; providing for the publication and posting of notice; and providing for early voting dates, times and locations.**

---

**This request supports the City Council 2012-2013 Policy Agenda.**

**Goal: Civic Engagement**

---

### **Background**

The municipal General Election for City officers this year includes councilmembers for Districts 1, 3 and 5. The designated uniform Election Day is Saturday, May 11, 2013.

### **Considerations**

- **Operational** - To conduct the election, Lancaster will participate in a joint election with other governing entities in Dallas County administered by Dallas County Elections. Participating in a joint election with other cities and school districts greatly reduces election costs for all participants. The joint election agreement is a companion item to this agenda item.

Early voting will be held at the Lancaster Veterans Memorial Library. This location best serves the election process by offering sufficient space for the voters, easy entry/exit from the room (without entering the Library itself) and offers the necessary technology access for use by Dallas County Elections personnel. This location is familiar to our voters and has consistently been used in recent elections for early voting as well as for Election Day voting. The Library is one of about thirty-five early voting locations designated by Dallas County. During early voting, registered voters may vote at any Dallas County early voting polling location.

There will be three polling locations for Lancaster citizens on Election Day. Voters from precincts 3802, 3803 and 3809 will cast a ballot at the Lancaster Veterans Memorial Library. Voters from precincts 3805, 3806, 3807 and 3808 will cast a ballot at the Lancaster Elsie Robertson Middle School. Voters from precinct 3940 will cast a ballot at the Wilmer Community Center. Voters must vote by precinct on Election Day. These polling locations and the precincts voting at the respective locations are

consistent with polling locations used following redistricting and in the 2012 mayoral election.

- **Legal** – The City Attorney has reviewed the resolution ordering the election. The statutory last day for City Council to order the election is March 1, 2013.

Pursuant to state and federal laws, the resolution (Election Order) is provided in English and Spanish. In addition, the caption on the City's agenda for this meeting for both the election order and the joint election agreement is in English and Spanish.

The 82<sup>nd</sup> Texas Legislature revised the requirements for notice of early voting locations contained in the election order. Now election law only requires the main early voting location to be listed in the election order. The main early voting location (Dallas County Records Building) and the Lancaster early voting location (Veterans Memorial Library) are included in the election order.

- **Financial** – The estimated cost for the election is \$6,349.70. The City's final actual cost will depend on the number of entities contracting with Dallas County for election services. There are further details regarding estimated election costs in the agenda item on the joint election agreement. If a run-off election is required, the City will incur additional costs.
- **Public Information** – All requirements for the posting and publishing of the election order will be completed as outlined in the election order.

### **Recommendation**

Staff recommends approval of the resolution as presented ordering the General Election for municipal officers on Saturday, May 11, 2013.

## Agenda Communication

February 25, 2013

Item 3

---

**Consider a resolution approving the terms and conditions of a Joint Election Contract and Election Services Agreement with Dallas County Elections to conduct a municipal General Election for the election of one councilmember for District 1, one councilmember for District 3, and one councilmember for District 5 to be held on Saturday, May 11, 2013.**

---

**This request supports the City Council 2012-2013 Policy Agenda.**

**Goal: Financially Sound City Government**

---

### Background

On May 11, 2013, the City will conduct a municipal General Election to elect councilmembers for Districts 1, 3 and 5 for a three-year term.

### Considerations

- **Operational** - Dallas County Elections has the staff, equipment, and expertise to efficiently conduct elections. Participating with other municipalities and school districts helps defray the cost of the election and streamlines the voting process for residents.
- **Legal** – The election services agreement is attached without Exhibits “C”, “D” and “F” which are unavailable at this time. The City Attorney has reviewed and approved the resolution as to form.
- **Financial** – Dallas County Elections has indicated the estimated cost for the City’s share of this year’s election is \$6,349.70. The City’s final cost depends on how many entities contract with Dallas County for election services. Recent general municipal election costs are outlined below.

May 2012	\$9,428
May 2011	\$7,406 (does not include June run-off election cost of \$4,312)
May 2010	\$9,069
May 2009	no election held; transition to three-year council terms
May 2008	\$9,947

Estimated costs for the City's election are calculated by Dallas County Elections based on various factors including shared polling locations and total number of governing entities that participate in the election. If a run-off election is required, the City will incur additional costs.

\$12,500 was budgeted for election expenses this fiscal year.

- **Public Information** - There are no public information requirements for this matter.

### **Options/Alternatives**

1. City Council may approve the resolution as presented.
2. City Council may deny the resolution and direct staff.

### **Recommendation**

Staff recommends approval of the resolution as presented contracting with Dallas County Elections for election services.

- 2.1 Antoinette "Toni" Pippins-Poole (hereafter referred to as Toni Pippins-Poole) is the duly appointed County Elections Administrator of Dallas County, Texas and the Department Head of the Dallas County Elections Department (DCED). As such, Mrs. Pippins-Poole is the County Election Officer of Dallas County, Texas and is thereby authorized by Subchapter D of Chapter 31 of Title 3 of the Texas Election Code to enter into this joint election agreement and election services contract with the contracting authorities of the participating political subdivisions listed in Section 1 of this contract.
- 2.2 The contracting authorities of the political subdivisions listed in Section 1 of this joint election agreement and election services contract are hereby participating in the joint election to be held in Dallas County, Texas on May 11, 2013 pursuant to Chapter 271 of Title 16 of the Texas Election Code and are hereby contracting with the Elections Administrator of Dallas County, Texas to perform the election services set forth herein pursuant to Subchapter D of Chapter 31 of Title 3 of the Texas Election Code.
- 2.3 DCED agrees to coordinate, supervise and handle all aspects of administering the Joint Election in accordance with the provisions of the Texas Election Code and as outlined in this agreement. Each contracting authority of each participating political subdivision agrees to pay DCED for equipment, supplies, services and administrative costs as outlined in this agreement. DCED will serve as administrator for the election; however, each participating political subdivision remains responsible for the lawful conduct of their respective election.

## **3 LEGAL DOCUMENTS**

- 3.1 Each participating political subdivision will be responsible for preparation, adoption and publication of all required election orders, resolutions, notices and any other pertinent

documents required by their respective governing bodies.

- 3.2 Each participating entity will be responsible for making the submission required by the Federal Voting Rights Act of 1965, as amended, with regard to administration of the Joint Election. A copy of the submission will be furnished to DCED by each participating political subdivision. Any other changes which require preclearance by the U.S. Department of Justice will be the responsibility of each participating political subdivision. Preparation of necessary bilingual materials for notices and preparation of the text for the official ballot will also be the responsibility of each participating political subdivision. Each participating political subdivision will provide a copy of their respective election notices and justice submission to DCED.

#### **4 DIRECT RECORD VOTING SYSTEM/OPTICAL SCAN**

- 4.1 Each participating political subdivision agrees that voting at the Joint Election will be by use of a direct record and optical scan voting system approved by the Secretary of State in accordance with the Texas Election Code. DCED will be responsible for the preparation of programs and the testing of the direct record system and optical scan system used for tabulating the ballots. Testing of the direct record equipment will be conducted at the Elections Department, 2377 N. Stemmons Frwy, Suite 820, Dallas beginning Tuesday, April 23, 2013 at 10:00 am and testing of the optical scan equipment will be conducted at the Election Equipment Warehouse, 1506 East Langdon Road, Hutchins beginning Thursday, April 11, 2013 at 10:00 am, and before ballots are tabulated at the scheduled polling locations listed in Section 13 of this contract and Attachment "B" by the presiding judges. At least 48 hours before the date and hour of the first testing of each type of equipment, DCED shall publish a newspaper notice of the date, hour, and place of the testing. DCED agrees to establish ten (10) regional sites and a central counting station to receive and tabulate the voted ballots and provisional ballots as outlined in Section 9 of this agreement.
- 4.2 DCED agrees to provide direct record tabulators, precinct tabulators, and voting booths for the Joint Election. The Gemini voting booth allocation will be based on providing one (1) Gemini for each 300 registered voters in each election precinct unit, not to exceed six (6) Gemini voting booths in any given precinct unit, one (1) Americans with Disabilities Act (ADA) Terminal per location, one (1) precinct tabulator in any given precinct unit, and not to exceed at any given time eight (8) iVotronics and two (2) Master PEB's per early voting location.
- 4.3 It is estimated that 1,300 Gemini's, 380 precinct tabulators, 290 iVotronics, 380 ADA Terminals, and Master PEB's will be needed to conduct the May 11, 2013 Joint Election. The cost of the direct record voting system for the election will be determined by multiplying the total number of iVotronics by \$250.00 each, ADA Terminals by \$300.00 each, and Master PEB's at no cost. The cost for the use of the Gemini voting booths will be \$35.00 each. The cost for the use of the precinct tabulators will be \$468.00 each (See Attachment "A"). It is agreed by all of the participating political subdivisions that ADA voting terminals will be used during the Joint Election in accordance with the Help America Vote Act of 2002 (HAVA), and that the said terminals will be part of the Joint

Election Agreement.

**5 VOTING LOCATION**

- 5.1 DCED will select and arrange for the use of and payment for all voting locations, subject to the approval of each participating political subdivision. Voting locations will be, whenever possible, the usual voting locations for the precincts. Voting precincts may be combined by mutual agreement between the participating authorities. The proposed voting locations are listed in Attachment "B" of this agreement. In the event a voting location is not available, DCED will arrange for use of an alternate location with the approval of each participating political subdivision affected by the change. DCED will be responsible for submitting any polling location changes to the Department of Justice for pre-clearance. DCED will notify each participating political subdivision of any changes from the locations listed in Attachment "B".
- 5.2 DCED will send each participating political subdivision a final version of Attachment "B", as amended which reflects the actual locations to be used on the day of the election. DCED will send a written notice by U.S. Mail to any registered voter whose precinct polling place location has changed since the preceding election ordered by each political subdivision.

**6 ELECTION JUDGES, ALTERNATE JUDGES, CLERKS AND OTHER ELECTION PERSONNEL**

- 6.1 DCED will be responsible for the appointment of the presiding judge and alternate judge for each polling location subject to the approval of each participating political subdivision. DCED shall arrange for the training of all presiding judges and alternate judges. The proposed election judges and alternates are listed in Attachment "C" of this agreement. If a person is unable or unwilling to serve, DCED will name a judge for the precinct and notify each participating political subdivision affected by the change.
- 6.2 In compliance with the Federal Voting Rights Act of 1965, as amended, precincts containing more than 5% Hispanic population, according to the 2010 census statistics, are required to have interpreter assistance. If a presiding judge of such a precinct is not bilingual and is unable to hire a bilingual clerk, DCED may recommend an individual to provide interpreter assistance. If DCED is unable to recommend an individual to provide interpreter assistance for such a precinct, DCED shall notify the participating political subdivision which shall then be responsible for recommending an individual to provide interpreter assistance for such a precinct. In the event that a bilingual clerk is hired by DCED for a precinct required to have interpreter assistance, the bilingual clerk shall be paid according to a rate set by DCED. DCED shall then charge that expense to the funds deposited with the Dallas County Treasurer for the conduct of the elections listed in Section 1 of this joint election agreement and election services contract. A participating political subdivision may pay a greater amount of money to a bilingual clerk than the rate set by DCED, however that expense shall be borne by that participating political subdivision individually and that expense shall not be charged to the funds deposited with the Dallas County Treasurer for the conduct of the elections listed in Section 1 of this agreement.

6.3 DCED is responsible for notifying all election judges of the eligibility requirements of Subchapter C of Chapter 32 of Title 3 of the Texas Election Code and Section 271.005 of the Texas Election Code, and will take the necessary steps to insure that all election judges and alternate judges appointed for the Joint Election are eligible and qualified to serve. According to Section 32.031 (a) of the Texas Election Code, the presiding judge for each election precinct shall appoint the election clerks to assist the judge in the conduct of an election at the polling place served by the judge.

6.4 If a participating political subdivision recommends a person not listed in Attachment "C", and that recommendation conflicts with the recommendation from any of the other entities involved in the election in that precinct, DCED will conduct a drawing by lot from the recommendations to determine the election judge. Once a person has been notified of his/her selection as election judge, no changes may be made by any of the participating authorities, unless that person becomes ineligible to serve as an election judge in the Joint Election.

DCED will send each of the joint participating political subdivisions an updated version of Attachment "C" which reflects the names of judges who were sent the letter requesting service for this election. A final version for Attachment "C" which reflects the name of the judges who actually presided on the day of the election will be sent to each participating political subdivision. Any entity electing to pay their election workers for attending a training class or lab must bear that expense separately from the funds deposited into the joint election account.

6.5 DCED will hold two (2) public schools of instruction on the use of optical scan card voting equipment, ADA terminals and election laws on Saturday, May 4, 2013 from 10am – 12pm, and Thursday, May 9, 2013, from 7pm - 9pm in the Central Jury Room, Frank Crowley Courthouse, 133 N. Industrial Blvd, Dallas, Texas 75207. Election Judge training labs are scheduled for Thursday, May 2, 2013 from 10am – 4pm, Saturday, May 4, 2013 from 9am – 4pm, Tuesday, May 7, 2013 6pm – 9pm, Friday, May 10, 2013 from 10am – 2pm at 2377 N. Stemmons Frwy. 8<sup>th</sup> Floor, Dallas, Texas 75207. No election judge will be appointed unless he/she has attended an election judge training session taught by DCED in the past eighteen (18) months and on the optical scan and direct record systems. However, participating entities may request that judges appointed for the Joint Election should attend one of the scheduled training sessions.

The election judges are responsible for picking up election supplies at the time and place determined by DCED (which will be set forth in the election judge letter requesting service for this election). Each election judge will receive \$9.00 per hour and each clerk will receive \$8.00 per hour (for a maximum of 14 hours). The election judge will receive an additional \$25.00 for picking up the election supplies prior to Election Day and for delivering election returns and supplies to their designated regional drop off site.

6.6 DCED will employ other personnel necessary for the proper administration of the election, including such part-time help as is necessary to prepare for the election, to ensure the timely delivery of supplies and equipment assistance during the period of early voting and on election day, and for the efficient tabulation of ballots at the central

counting station and regional sites. Part-time personnel will be paid an amount agreed to by the participating authorities as outlined in Attachment "A".

Part-time personnel working in support of the central counting station and regional sites on election night will receive pay for at least four hours, minimum call for service, regardless of the actual hours worked. (Attachment F)

## **7 SUPPLIES AND PRINTING**

- 7.1 DCED will arrange for all election supplies and election printing, including, but not limited to, all forms, signs and other materials used by the election judges at the voting locations.
- 7.2 DCED will provide maps, if necessary, instructions and other information needed to enable the election judges to conduct a proper election.

## Agenda Communication

Monday, February 25, 2013

Item 6

---

### Discuss and consider:

- (A) a resolution authorizing the City Manager to execute an economic development agreement pursuant to Chapter 380, Texas Local Government Code, by and between the City of Lancaster and BMW of North America, LLC (“BMW”).
- (B) a resolution authorizing the Mayor to sign a letter in support of BMW of North America, LLC’s application to DFW Airport for a foreign trade zone designation for their facility in Lancaster.

---

This request supports the City Council 2012-2013 Policy Agenda.

Goal: Quality Development

---

### Background

Staff has been working on “Project Julius”, a parts warehouse distribution operation of a major automobile manufacturer. The company later disclosed themselves as BMW of North America, LLC. The Lancaster site in ProLogis 20/35 Park has been selected for an approximately 300,000 square foot new facility which is projected to create approximately 65 new primary payroll jobs, \$3,000,000 in equipment and over \$35,000,000 of inventory.

Pursuant to our 2004 agreement with ProLogis, BMW has requested the fifty percent (50%) business personal property tax grant for a period of ten (10) years which coincides with the lease term for the new facility.

Additionally, BMW has requested a letter from the City in support of their application to DFW Airport for a Foreign Trade Zone designation for their facility. This designation allows imported inventory and inventory held in a foreign trade zone for export that has U.S. Customs import records to support the exemption, be exempt from customary inventory tax by affected taxing authorities.

### **Considerations**

- **Operational** – BMW will annually submit receipts for business personal property tax payments in order to exercise the grant. Within 60 days of verification of payment, the City will remit fifty percent (50%) of the payment to the company for a period of ten (10) years.
- **Legal** – The City Attorney has reviewed and approved as to form the resolution and agreement.
- **Financial** – Based on the estimated value of the business personal property (BPP) submitted by the company and consideration of the BPP fifty percent (50%) grant, the project will represent approximately \$300,000 over the ten (10) year period in new revenue to the City.
- **Public Information** – There are no public information requirements associated with this agenda item.

### **Options/Alternatives**

1. The City Council may approve the resolutions and agreement as presented.
2. The City Council may reject the resolutions and agreement.

### **Recommendation**

Staff recommends approval of the resolutions and agreement as presented.

On behalf of the City of Lancaster, this letter is intended to express support for the application to establish a Foreign Trade Zone at BMW's Daniieldale Road facility in Lancaster. The Foreign Trade Zone will complement our efforts to expand and diversify our economy. We understand that imported inventory and inventory held in a foreign trade zone for export that has U.S. Customs import records to support the exemption, may be exempt from customary inventory tax by affected taxing authorities.

## Agenda Communication

Item 7

---

### Consider a resolution accepting the 2012 Racial Profiling Analysis Annual Report.

---

This request supports the City Council 2012-2013 Policy Agenda.

**Goal: Professional and Committed Workforce**

---

#### Background

The 2012 Racial Profiling Analysis Annual Report was reviewed by the Lancaster City Council at the February 18, 2013 Council Work Session.

Effective September 1, 2001, the Texas Legislature enacted the Texas Racial Profiling Law (S.B. No. 1074). The Texas Code of Criminal Procedure requires that law enforcement agencies collect information relating to traffic stops in which a citation is issued and to arrests resulting from those traffic stops. The Texas Code of Criminal Procedure further requires that law enforcement agencies compile and analyze this information and submit a report containing the information compiled during the previous calendar year to the governing body of each county or municipality served by the agency.

Attached is the 2012 Lancaster Police Department Racial Profiling Analysis as prepared by representative experts from the University of North Texas. The Police Department had no sustained racial profiling complaints in 2012.

Beginning January 2011, the Texas Commission on Law Enforcement Standards and Education (TCLEOSE) will post a copy of each police department's racial profiling report on its website.

#### Considerations

- **Operational** - The Lancaster Police Department has adopted a detailed, written policy on racial profiling and currently collects the required information on racial profiling as required by State law. The Lancaster Police Department contracted with the University of North Texas for the examination of contact data.
- **Legal** - The Texas Code of Criminal Procedure requires that the Lancaster Police Department 2012 Racial Profiling Analysis Report be submitted to the City of Lancaster governing body. The City Attorney has approved the resolution as to form.
- **Financial** - There is no financial impact in accepting this report.

- **Public Information** - There are no public information requirements.

### **Options/Alternatives**

1. Council may approve this resolution.
2. Council may deny this resolution.

### **Recommendation**

Staff recommends that the City Council adopt the Resolution accepting the 2012 Racial Profiling Analysis Annual Report that conforms to the requirements of the Racial Profiling Law (S.B. 1074) in presenting the report to the governing body.

## RACIAL PROFILING ANALYSIS

PREPARED BY:

Eric J. Fritsch, Ph.D.  
Chad R. Trulson, Ph.D.

## **Executive Summary**

Article 2.132 (7) of the Texas Code of Criminal Procedure requires the annual reporting to the local governing body of data collected on the race or ethnicity of individuals stopped and issued citations or arrested for traffic violations and whether or not those individuals were searched. Since the law provides no clear instruction to a governing body on how to review such data, the Lancaster Police Department requested this analysis and review to assist the City Council in reviewing the data.

The analysis of material and data from the Lancaster Police Department revealed the following:

- **A COMPREHENSIVE REVIEW OF THE LANCASTER POLICE DEPARTMENT’S RACIAL PROFILING POLICY SHOWS THAT THE LANCASTER POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH ARTICLE 2.132 OF THE TEXAS CODE OF CRIMINAL PROCEDURE.**
- **A REVIEW OF THE INFORMATION PRESENTED AND SUPPORTING DOCUMENTATION REVEALS THAT THE LANCASTER POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH TEXAS LAW ON TRAINING AND EDUCATION REGARDING RACIAL PROFILING.**
- **A REVIEW OF THE DOCUMENTATION PRODUCED BY THE DEPARTMENT REVEALS THAT THE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW ON THE RACIAL PROFILING COMPLAINT PROCESS.**
- **ANALYSIS OF THE DATA REVEALS THAT THE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW ON THE COLLECTION OF RACIAL PROFILING DATA.**
- **THE ANALYSIS OF STATISTICAL INFORMATION FROM LANCASTER POLICE DEPARTMENT REVEALS THAT THERE ARE NO METHODOLOGICALLY CONCLUSIVE INDICATIONS OF SYSTEMIC RACIAL PROFILING BY THE DEPARTMENT.**
- **THE LANCASTER POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW CONCERNING THE PROHIBITION OF RACIAL PROFILING.**
- **THE LANCASTER POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW CONCERNING THE REPORTING OF INFORMATION TO TCLEOSE.**

## **Introduction**

This report details an analysis of the Lancaster Police Department's policies, training, and statistical information on racial profiling for the year 2012. This report has been prepared to specifically comply with Article 2.132 of the Texas Code of Criminal Procedure (CCP) regarding the compilation and analysis of racial profiling data. Specifically, the analysis will address Articles 2.131 – 2.135 of the CCP and make a determination of the level of compliance with those articles by the Lancaster Police Department in 2012. The full copies of the applicable laws and regulations pertaining to this report are contained in Appendix A.

This report is divided into six analytical sections: Lancaster Police Department's policy on racial profiling; Lancaster Police Department's training and education on racial profiling; Lancaster Police Department's complaint process and public education on racial profiling; analysis of statistical data on racial profiling; an analysis of Lancaster Police Department's compliance with applicable laws on racial profiling; and a final section which includes new data reporting requirements to TCLEOSE as required beginning in 2011.

For the purposes of this report and analysis, the following definition of racial profiling is used: racial profiling means a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity (Texas CCP Article 3.05).

### **Lancaster Police Department Policy on Racial Profiling**

A review of Lancaster Police Department's "Racial Profiling Policy" contained in the Operations Directive 2002-2005 revealed that the department has adopted policies in compliance with Article 2.132 of the Texas CCP. There are seven specific requirements mandated by Article 2.132 that a law enforcement agency must address. All seven are clearly covered in Lancaster's racial profiling policy. Lancaster Police Department policies provide clear direction that any form of racial profiling is prohibited and that officers found engaging in inappropriate profiling may be disciplined up to and including termination. The policies also provide a very clear statement of the agency's philosophy regarding equal treatment of all persons regardless of race, ethnicity, or national origin. Appendix B lists the applicable statute and corresponding Lancaster Police Department regulation.

***A COMPREHENSIVE REVIEW OF LANCASTER POLICE DEPARTMENT'S RACIAL PROFILING POLICY SHOWS THAT THE LANCASTER POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH ARTICLE 2.132 OF THE TEXAS CODE OF CRIMINAL PROCEDURE.***

### **Lancaster Police Department Training and Education on Racial Profiling**

Texas Occupation Code § 1701.253 and § 1701.402 require that curriculum be established and training certificates issued on racial profiling for all Texas peace officers. Documentation provided by Lancaster Police Department reveals that racial profiling training and certification is current for all officers in 2012. Racial profiling training is specifically covered in Lancaster's Racial Profiling Policy Part IV.

***A REVIEW OF THE INFORMATION PRESENTED AND SUPPORTING DOCUMENTATION REVEALS THAT THE LANCASTER POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH TEXAS LAW ON TRAINING AND EDUCATION REGARDING RACIAL PROFILING.***

## **Lancaster Police Department Complaint Process and Public Education on Racial Profiling**

Article 2.132 §(b)3-4 of the Texas Code of Criminal Procedure requires that law enforcement agencies implement a complaint process on racial profiling and that the agency provide public education on the complaint process. Lancaster Police Department's Racial Profiling Policy Part V and VI cover this requirement.

## **Lancaster Police Department Statistical Data on Racial Profiling**

Article 2.132(b) 6 requires that law enforcement agencies collect statistical information on traffic citations and detentions with specific information on the race of the person cited. In addition, information concerning searches of persons and whether or not the search was based on consent is also to be collected. Lancaster Police Department submitted statistical information on all citations in 2012 and accompanying information on the race of the person cited. Accompanying this data was the relevant information on searches.

***ANALYSIS OF THE DATA REVEALS THAT THE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW ON THE COLLECTION OF RACIAL PROFILING DATA.***

### **Analysis of the Data**

The first chart depicts the percentages of people stopped by race including Whites, African-Americans, and Hispanics.<sup>1</sup> White drivers constituted 16.23 percent of all drivers cited, whereas Whites constituted 12.90 percent of the city population, 33.10 percent of the county population, and 50.90 percent of the region population.<sup>2</sup> The chart shows that White drivers are cited at a rate that is higher than the percentage of Whites in the city, but lower than the county and regional population. White drivers were cited at a significantly higher rate than the percentage of White students in the Lancaster Independent School District (3.00%).<sup>3</sup> African-American drivers constituted 75.37 percent of all drivers cited, whereas African-Americans constituted 68.70

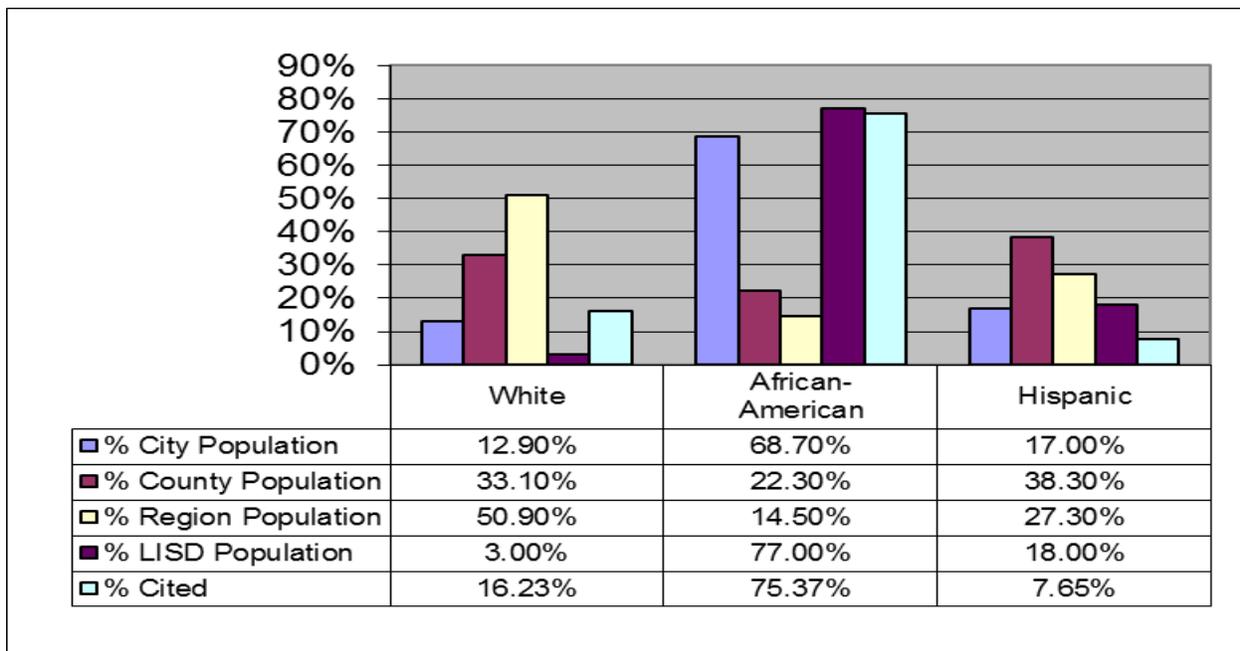

---

<sup>1</sup> The total number of stops in 2012 equaled 4,418 and this number is utilized for calculations in this report. In addition, a total of 100 arrested occurred, for a final total of 4,518 actions as indicated on the TCLEOSE forms at the end of this report.

<sup>2</sup>City, County, and Regional population figures are derived from the 2010 Census of the U.S. Census Bureau. "Regional" population figures are defined as the 16 county North Central Texas Council of Governments Region and is comprised of the following counties: Collin, Dallas, Denton, Ellis, Erath, Hood, Hunt, Johnson, Kaufman, Navarro, Palo Pinto, Parker, Rockwall, Somervell, Tarrant, and Wise.

<sup>3</sup> Data on the racial make-up of LISD were obtained from Texas Education Association Snapshot 2011 located at <http://ritter.tea.state.tx.us/cgi/sas/broker>.

percent of the city population, 22.30 percent of the county population, and 14.50 percent of the region population. African-American drivers were cited at a rate that is higher than the percentage of African-Americans found in the city population. African-American citation rates were also higher than the percentage of African-Americans in both the county and regional populations. However, African-Americans were cited at a rate that is slightly lower than the percentage of African-American students in the LISD population (77.00%). Hispanic drivers constituted 7.65 percent of all drivers cited whereas Hispanics constituted 17 percent of the city population, 38.30 percent of the county population, and 27.30 percent of the regional population. Hispanic drivers were cited at a rate that is lower than the percentage of Hispanics in the city, county, regional, and LISD population.

As the chart shows, easy determinations regarding whether or not Lancaster police officers have “racially profiled” a given motorist are impossible given the nature of the data that has been collected and presented for this report. The law dictates that police agencies compile aggregate-level data regarding the *rates* at which agencies *collectively* stop motorists in terms of their race/ethnicity. These aggregated data are to be subsequently analyzed in order to determine whether or not *individual* officers are “racially profiling” motorists.

This methodological error, commonly referred to as the “ecological fallacy,” defines the dangers involved in making assertions about individual officer decisions based on the examination of aggregate incident level data. In short, one cannot “prove” that an *individual* officer has “racially profiled” any *individual* motorist based on the rate at which a department stops any given *group* of motorists.

Additional interpretation problems remain in regards to the specific measurement of “racial profiling” as defined by Texas state code. For example, officers are currently forced to make subjective determinations regarding an individual's race based on his or her personal observations because the Texas Department of Public Safety does not provide an objectively-based determination of an individual's race/ethnicity on the Texas driver's license. The absence

of any verifiable race/ethnicity data on the driver's license is especially troubling given the racial diversity within the city of Lancaster and the North Texas region as a whole, and the large numbers of citizens who are of Hispanic and/or mixed racial descent. The validity of any racial/ethnic disparities discovered in the aggregate level data becomes threatened in direct proportion to the number of subjective "guesses" officers are forced to make when trying to determine an individual's racial/ethnic background.

In addition, the data collected for the current report does not allow for an analysis that separates (or disaggregates) the discretionary decisions of officers to stop a motorist from those that are largely non-discretionary. For example, non-discretionary stops of motorists based on the discovery of outstanding warrants should not be analyzed in terms of whether or not "profiling" has occurred simply because the officer who has stopped a motorist as a result of the discovery of an outstanding warrant does not *independently* make the decision to stop, but rather, is required to stop that individual regardless of any determination of race. An officer cannot be determined to be "racially profiling" when organizational rules and state codes compel them to stop regardless of an individual's race/ethnicity. Straightforward aggregate comparisons of stop rates ignore these realities, and fail to distinguish between discretionary and non-discretionary law enforcement actions. In the future, this validity issue could be lessened by the collection of data indicating the initial reason for the traffic stop, whether it be an observed traffic violation, other criminal activity, the existence of an outstanding warrant, or some other reason.

Finally, there has been considerable debate as to what the most appropriate population "base-rate" is in determining whether or not racial/ethnic disparities exist. As the current analysis shows in regards to the use of city, county, and regional population base-rates, the outcome of analyses designed to determine whether or not disparities exist is obviously dependent on which base-rate is used. In addition, population growth and the changing demographic character of the North Texas region and particularly the city of Lancaster has exacerbated problems associated with determining appropriate base-rates because measures derived exclusively from the U.S. Census can become quickly outdated since they are compiled only once per decade. For example, Lancaster has experienced a rate of growth of more than 40 percent since the 2000 Census. In years following the 2000 Census, it was unclear as to how this growth impacted the overall demographic character of the city. However, the 2010 Census has revealed that Lancaster has not only experienced large-scale growth over the course of the last several years, but has also become much more diverse as indicated by the demographic statistics presented in this report. Related, the determination of valid stop base-rates becomes multiplied if analyses fail to distinguish between residents and non-residents who are stopped, because the existence of significant proportions of non-resident stops will lead to invalid conclusions if racial/ethnic comparisons are made exclusively to resident population figures.

In short, the methodological problems outlined above point to the limited utility of using aggregate level comparisons of the rates at which different racial/ethnic groups are cited in order to determine whether or not racial profiling exists within a given jurisdiction.

The table below reports the summaries for the total number of persons cited and searched subsequent to being stopped by the Lancaster Police Department for traffic offenses (4,418). In addition, the table shows the number of stopped individuals who granted consent to search and those stopped drivers who were arrested at the conclusion of the stop. The chart shows that roughly 11 percent of all drivers searched were White (64/581 total searches), roughly 11 percent

(66) were Hispanic, and 77 percent (450) were African-American. It is clear that the vast majority of the total number of drivers cited (including White, African-American, and Hispanic groups) were not searched, as roughly 87 percent of all drivers who were cited were not searched (581/4,418).

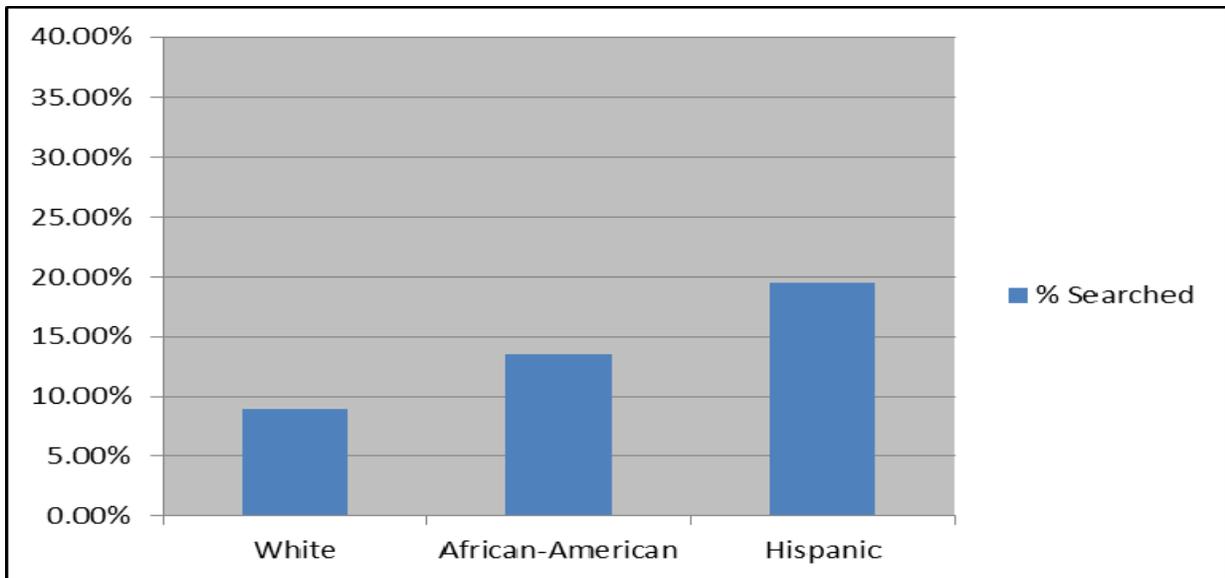

Action	White	Asian	Hispanic	African-American	Other	Total
Stops	717	25	338	3,330	8	4,418
Searches	64	0	66	450	1	581
Consent Searches	8	0	8	22	0	38
Arrests	13	0	5	82	0	100

Note: Stops include only motor vehicle stops. Searches include vehicle and driver searches only.

It should be noted that aggregate level comparisons regarding the rates at which drivers are searched by police are subject to some of the same methodological issues as those outlined above regarding analyses of aggregate level stop rates. Of particular concern is the absence of any analyses that separates discretionary searches from non-discretionary searches. For example, searches that are conducted incident to an arrest or as part of a vehicle tow inventory should not be included in analyses designed to examine whether or not racial profiling has occurred because these types of searches are non-discretionary in that the officer is compelled by law or departmental guidelines to conduct the search irrespective of the race of the stopped driver.

Less than 1 percent of the total number of citations resulted in a consensual search (38/4,418). So too, only 2.26 percent of drivers cited were subject to an arrest. Of those arrested, 13 percent (13/100 total arrests) were White, 82 percent (82) were African-American, and 5 percent (5) were Hispanic. Additional data regarding the reason for the arrest are necessary in order to further examine whether or not these data reflect individual officer decisions to arrest or non-discretionary actions based primarily on legal and/or organizational requirements (e.g., the existence of outstanding arrest warrants or on view criminal activity).

The bar chart below presents the percentage of drivers that were searched within each racial category. The chart indicates that drivers who were cited were rarely searched across the racial categories. For example, roughly 9 percent of all White drivers who were cited were also searched, roughly 14 percent of all African-American drivers who were cited were searched, and approximately 19 percent of all Hispanic drivers who were cited were also searched.

### **Analysis of Racial Profiling Compliance by Lancaster Police Department**

The foregoing analysis shows that the Lancaster Police Department is fully in compliance with all relevant Texas laws concerning racial profiling, including the existence of a formal policy prohibiting racial profiling by its officers, officer training and educational programs, a formalized complaint process, and the collection of data in compliance with the law. Finally, internal records indicate that the department had no complaints in reference to racial profiling for the year 2012.

In addition to providing summary reports and analysis of the data collected by the Lancaster Police Department in 2012, this report also included an extensive presentation of some of the limitations involved in the level of data collection currently required by law and the methodological problems associated with analyzing such data for the Lancaster Police Department as well as police agencies across Texas. The Lancaster Police Department should continue its educational and training efforts within the department on racial profiling. Finally, the department should conduct periodic evaluations to assess patterns of officer decision-making on traffic stops. The final section of this report includes newly required TCLEOSE reporting information by Texas law enforcement organizations.

### **Art. 3.05. RACIAL PROFILING.**

In this code, "racial profiling" means a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.

Added by Acts 2001, 77th Leg., ch. 947, Sec. 2, eff. Sept. 1, 2001.

### **Art. 2.131. RACIAL PROFILING PROHIBITED.**

A peace officer may not engage in racial profiling.

Added by Acts 2001, 77th Leg., ch. 947, Sec. 1, eff. Sept. 1, 2001.

### **Art. 2.132. LAW ENFORCEMENT POLICY ON RACIAL PROFILING.**

(a) In this article:

(1) "Law enforcement agency" means an agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make motor vehicle stops in the routine performance of the officers' official duties.

(3) "Race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, Native American, or Middle Eastern descent.

(b) Each law enforcement agency in this state shall adopt a detailed written policy on racial profiling. The policy must:

- (1) clearly define acts constituting racial profiling;
  - (2) strictly prohibit peace officers employed by the agency from engaging in racial profiling;
  - (3) implement a process by which an individual may file a complaint with the agency if the individual believes that a peace officer employed by the agency has engaged in racial profiling with respect to the individual;
  - (4) provide public education relating to the agency's complaint process;
  - (5) require appropriate corrective action to be taken against a peace officer employed by the agency who, after an investigation, is shown to have engaged in racial profiling in violation of the agency's policy adopted under this article;
  - (6) require collection of information relating to motor vehicle stops in which a citation is issued and to arrests made as a result of those stops, including information relating to:
    - (A) the race or ethnicity of the individual detained;
    - (B) whether a search was conducted and, if so, whether the individual detained consented to the search; and
    - (C) whether the peace officer knew the race or ethnicity of the individual detained before detaining that individual; and
  - (7) require the chief administrator of the agency, regardless of whether the administrator is elected, employed, or appointed, to submit an annual report of the information collected under Subdivision (6) to:
    - (A) the Commission on Law Enforcement Officer Standards and Education; and

- (d) On adoption of a policy under Subsection (b), a law enforcement agency shall examine the feasibility of installing video camera and transmitter-activated equipment in each agency law enforcement motor vehicle regularly used to make motor vehicle stops and transmitter-activated equipment in each agency law enforcement motorcycle regularly used to make motor vehicle

stops. If a law enforcement agency installs video or audio equipment as provided by this subsection, the policy adopted by the agency under Subsection (b) must include standards for reviewing video and audio documentation.

(e) A report required under Subsection (b)(7) may not include identifying information about a peace officer who makes a motor vehicle stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the collection of information as required by a policy under Subsection (b)(6).

(f) On the commencement of an investigation by a law enforcement agency of a complaint described by Subsection (b)(3) in which a video or audio recording of the occurrence on which the complaint is based was made, the agency shall promptly provide a copy of the recording to the peace officer who is the subject of the complaint on written request by the officer.

(g) On a finding by the Commission on Law Enforcement Officer Standards and Education that the chief administrator of a law enforcement agency intentionally failed to submit a report required under Subsection (b)(7), the commission shall begin disciplinary procedures against the chief administrator.

## Lancaster Police Department Racial Profiling Policy

### Operations Directive 2002-005

Effective Date: September 23, 2002; Replaces 2001-006  
Affects: All Personnel

#### I. PURPOSE

The purpose of this policy is to reaffirm the Lancaster Police Department's commitment to unbiased policing in all its encounters between officer(s) and any person(s); to reinforce procedures that serve to ensure public confidence and mutual trust through the provision of services in a fair and equitable fashion; and to protect our officers from unwarranted accusations of misconduct when they act within the dictates of departmental policy and the law.

#### II. POLICY

It is the policy of this department to police in a proactive manner and, to aggressively investigate suspected violations of law. Officers shall actively enforce state and federal laws in a responsible and professional manner, without regard to race, ethnicity or national origin. Officers are strictly prohibited from engaging in racial profiling as defined in this policy. This policy shall be applicable to all persons, whether drivers, passengers or pedestrians.

Officers shall conduct themselves in a dignified and respectful manner at all times when dealing with the public. Two of the fundamental rights guaranteed by both the United States and Texas constitutions are equal protection under the law and freedom from unreasonable searches and seizures by government agents. The right of all persons to be treated equally and to be free from unreasonable searches and seizures must be respected. Racial profiling is an unacceptable patrol tactic and will not be condoned.

This policy shall not preclude officers from offering assistance, such as upon observing a substance leaking from a vehicle, a flat tire, or someone who appears to be ill, lost or confused. Nor does this policy prohibit stopping someone suspected of a crime based upon observed actions and/or information received about the person.

### **III. DEFINITIONS**

**Racial Profiling** – A law enforcement-initiated action based on an individual’s race, ethnicity, or national origin rather than on the individual’s behavior or on information identifying the individual as having engaged in criminal activity.

Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants or other citizen contacts.

The prohibition against racial profiling does not preclude the use of race, ethnicity or national origin as factors in a detention decision. Race, ethnicity or national origin may be legitimate factors in a detention decision when used as part of an actual description of a specific suspect for whom an officer is searching. Detaining an individual and conducting an inquiry into that person’s activities simply because of that individual’s race, ethnicity or national origin is racial profiling. Examples of racial profiling include but are not limited to the following:

1. Citing a driver who is speeding in a stream of traffic where most other drivers are speeding because of the cited driver’s race, ethnicity or national origin.
2. Detaining the driver of a vehicle based on the determination that a person of that race, ethnicity or national origin is unlikely to own or possess that specific make or model of vehicle.
3. Detaining an individual based upon the determination that a person of that race, ethnicity or national origin does not belong in a specific part of town or a specific place.

A law enforcement agency can derive two principles from the adoption of this definition of racial profiling:

1. Police may not use racial or ethnic stereotypes as factors in selecting whom to stop and search, while police may use race in conjunction with other known factors of the suspect.
2. Law enforcement officers may not use racial or ethnic stereotypes as factors in selecting whom to stop and search. Racial profiling is not relevant as it pertains to witnesses, etc.

**Race or Ethnicity** – Of a particular decent, including Caucasian, African, Hispanic, Asian, or Native American.

Pedestrian Stop – An interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

Traffic Stop – A peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic.

#### **IV. TRAINING**

Officers are responsible to adhere to all Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) training and the Law Enforcement Management Institute of Texas (LEMIT) requirements as mandated by law.

All officers shall complete a TCLEOSE training and education program on racial profiling not later than the second anniversary of the date the officer is licensed under Chapter 1701 of the Texas Occupations Code or the date the officer applies for an intermediate proficiency certificate, whichever date is earlier. A person who on September 1, 2001, held a TCLEOSE intermediate proficiency certificate, or who had held a peace officer license issued by TCLEOSE for at least two years, shall complete a TCLEOSE training and education program on racial profiling not later than September 1, 2003.

The chief of police, as part of the initial training and continued education for such appointment, will be required to attend the LEMIT program on racial profiling.

An individual appointed or elected as a police chief before the effective date of this Act shall complete the program on racial profiling established under Subsection (j), Section 96.641, Education Code, as added by this Act, not later than September 1, 2003.

#### **V. COMPLAINT INVESTIGATION**

1. The department shall accept complaints from any person who believes he or she has been stopped or searched based on racial, ethnic or national origin profiling. No person shall be discouraged, intimidated or coerced from filing a complaint, nor discriminated against because he or she filed such a complaint.
2. Any employee who receives an allegation of racial profiling, including the officer who initiated the stop, shall record the person's name, address and telephone number, and forward the complaint through the appropriate channel or direct the individual(s). Any employee contacted shall provide to that person a copy of a complaint form or the department process for filing a complaint. All employees will report any allegation of racial profiling to their superior before the end of their shift.
3. Investigation of a complaint shall be conducted in a thorough and timely manner. All complaints will be acknowledged in writing to the initiator who will receive disposition regarding said complaint within a reasonable period of time. The investigation shall be

reduced to writing and any reviewer's comments or conclusions shall be filed with the chief. When applicable, findings and/or suggestions for disciplinary action, retraining, or changes in policy shall be filed with the chief.

4. If a racial profiling complaint is sustained against an officer, it will result in appropriate corrective and/or disciplinary action, up to and including termination.
5. If there is a departmental video or audio recording of the events upon which a complaint of racial profiling is based, upon commencement of an investigation by this department into the complaint and written request of the officer made the subject of the complaint, this department shall promptly provide a copy of the recording to that officer.

## **VI. PUBLIC EDUCATION**

This department will inform the public of its policy against racial profiling and the complaint process. Methods that may be utilized to inform the public are the news media, radio, service or civic presentations, the Internet, as well as governing board meetings. Additionally, information will be made available as appropriate in languages other than English. A copy of the most current departmental racial profiling policy will be included in the City website.

## **VII. COLLECTION & REPORTING OF INFORMATION**

For each traffic stop, pedestrian stop and for each arrest resulting from such traffic and pedestrian stops, the officer who makes the stop is required to record the following data in the Stop Tracker software program:

1. the violator's race or ethnicity;
2. the violator's gender;
3. location of the stop;
4. name, address and identifying information of the violator;
5. violation suspected;
6. whether a search was conducted;
7. was the search consensual;
8. arrest for this cited violation or any other violation;
9. vehicle information such as license plate etc.

By March of each year, the department shall submit a report to their governing board that includes the information gathered by the citations. The report will include:

1. a breakdown of citations by race or ethnicity;
2. number of citations that resulted in a search;
3. number of searches that were consensual; and
4. number of citations that resulted in custodial arrest for this cited violation or any other violation.

Not later than March 1<sup>st</sup> of each year, this department shall submit a report to our governing body containing this information from the preceding calendar year.

### **VIII. USE OF VIDEO AND AUDIO EQUIPMENT**

Each motor vehicle regularly used by this department to make traffic and pedestrian stops is equipped with a video camera and transmitter-activated equipment, and each motorcycle regularly used by this department to make traffic and pedestrian stops is equipped with transmitter-activated equipment; and

Each traffic and pedestrian stop made by an officer of this department that is capable of being recorded by video and audio, or audio, as appropriate, is recorded.

This department shall retain the video and audiotapes, or the audiotape of each traffic and pedestrian stop for at least ninety (90) days after the date of the stop. If a complaint is filed with this department alleging that one of our officers has engaged in racial profiling with respect to a traffic or pedestrian stop, this department shall retain the video and audiotapes, or the audiotape of the stop until final disposition of the complaint.

Supervisors will ensure officers of this department are recording their traffic and pedestrian stops. A recording of each officer will be reviewed at least once every ninety (90) days.

### **IX. RESPONSIBILITY**

Division Commanders as well as supervisory personnel are responsible for overall compliance with the content and intent of this directive. All members of the Department shall know and comply with all aspects of this directive.

Chief of Police
