October 20, 2016

To: Resident near the construction work area of Rogers Avenue (1005 & 971 Pleasant Run Road to 701 & 702 Balkan Drive) and Lancaster-Hutchins Road (601 Lancaster Hutchins Road & 600 Beltline Road to 648 & 702 Pleasant Run Road)

RE: Street Reconstruction of Lancaster-Hutchins Road and Rogers Avenue – Existing Trash Pickup and Postal Mail Servicing

A prior notification letter was issued by the City of Lancaster for both projects on Tuesday, October 4, 2016, as the construction contractor is currently working on the east side of both streets; Lancaster-Hutchins Road and Rogers Avenue.

Starting next week (Tuesday, October 25th for Rogers Avenue and Thursday, October 27th for Lancaster-Hutchins Road), please make arrangement for your **trash and recycling receptacles to be placed on unaffected (existing) side of both streets; currently the west side of both streets** as they will continue to be serviced by the waste company, CWD. When the east side of both streets are completed, the construction contractor will then work on the west side of both streets and open the east side for traffic as trash and recycling receptacles will then be placed on the east side of both streets.

As for mail servicing by the United States Postal Service, it will be resumed as normal starting tomorrow as I have met and discussed this with the Lancaster post office. If you have any questions or concerns, please contact the Lancaster Community Relations Department at (972) 218-1300.

We will appreciate your understanding and cooperation during periods when inconveniences do occur. Thank you for your cooperation.

A handwritten signature in blue ink, appearing to read 'Than Nguyen'.
